all we could learn yesterday, our opinion e, that the enemy have not advanced in force from the south bank of James river. The cavalry which pushed out a few miles from the protection of the gunboate Sunday, retired the same afternoon, and were not seen at all yesterday. We think it very probable that the landing on the south bank, at least for the present, is only to prevent a recurrence of such a hot fire in the rear, as greeted McClellan's fleet, and camp on Friday morning last. He will doubtless tortify himself on the South bank, occasionally sally out and steal provender and provisions, and so continue to conduct himself, until the movement of a grand forward march on both sides begins with Porter's mortar fleet and all the gunboats of the Yankee navy, moving up the stream at the same time. At present, this seems to be the programe. The recent "confab in Washington, between some ten or fitteen Major Generals, among whom was Burnside and also Commodore Porter, would seem to indicate some such a movement as the one here indicated.

It will be seen from the N. Y. World in another column, that Porter's mortar fleet has arrived at Fortress Monroe,-Petersburg Express.

THE "GROUNDED" GUNBOAT. - We stated yesterday that a large Federal gunboat was aground in the vicinity of City Point, and near the mouth of the Appomattox river. We also stated that a battery of field pleces had been sent down to destroy her, and that from half-past six o'clock until dark Sunday evening, heavy firing was heard here in the direction of City Point .-We learned yesterday that the field pieces took position; and opened on the gunboat, but their calibre was too small to destroy the vessel, although every shot struck her. Rifle balls would have done the same thing, Tution of Day Schollars, but the object was to destroy, and not to perforate simply. Hence the great folly of sending six-pounder smooth bore cannon to in advance and the remainder at the close accomplish a work which could have been of the session, or when the pupil is removed from school. The accounts not paid only rendered effective by the use of 32pounders. After our battery opened on the gunboat, she succeeded in so far righting herself as to reply, which she did with some spirit, and succeeded in killing two of our horses, and sending sundry balls through the outhouses on the farm of Mrs. Mary C. Wray, on the Chesterfield shore. Our men finally discovered that they were expending powder and ball to very little purpose and desisted. Soon after two Federal tugs came up, and making fast to the gunboat succeeded in starting her, but had towed her only a short distance, when she again grounded, and stuck so fast, that all efforts to remove her proved unavailing. When last heard from yesterday, she was still aground but six other gunboats had been sent to her protection. It was also reported, that heavy field pieces had been sent down to renew the attempt at destruction, but as we heard no firing in thus direction, the report was probably without foundation .-Petersburg Express.

ON THE MOVE .- The correspondent of the Atlana Confederacy writes from Abing. don, Va., on the 27th July:

A heavy body of cavalry and mounted riflemen from this vicinity are on the move for Dixie or some other point, and they will probably infringe upon the constitution and laws of a neutral State before many weeks. I hope that Gen. Marshall's whole command will follow, or at least the cavalry, artillery and Kentucky infantry. Brigadier-General Williams will take

charge of Gen. Heth's command under Loring, the present week.

I hope the next you hear from me will be near the central part of that much coveted ground, Kentucky.

WHERE'S THE BLOCKADE?-There can be no impropriety in our stating, what we know to a fact, that an arrival has recentty taken at a Southern port, which will add greatly to the suplies of the South and enable the Confederate Gover number of armed men:-The vessel came in boldly, was not at all interfered with be the blockaders, and enables one of Petersburg's citizens to reach home again after a long absence. We hear pleasant news from abroad, but for the best of reasons withhold it at present. Let the South be J. of good cheer. The worst of our troubles are now numbered with the past. - Peters burg Express.

The people of the South, says the Rich-mond Examiner, have made up their minds that Confederate money shall be sustained, They are gradually arriving at the resolu tion that it shall be the only paper mone which they will countenance at all. The efforts of the banks to discredit this money are, therefore, as futile as impolitic. They cannot discredit it without shutting un their doors and discontinuing the business of dealing in money altogether,

Letcher has made application to the Secretary of War to deliver over to the authori-A STEP WELL TAKEN .- Governor ties all the Virginia traitors who have been taken in arms against the State, and all of the Yankee prisoners now in or near Richmond, who, there may be ground for suspecting, have been engaged in violating

FROM THE PRESIDENT TOGEN

RICHMOND, Va., July 31. SIR: On the 22d of this month a Carte for a general exchange of prisoners of war was signed between Major General D. H. Hill, in behalf of the Confederate States and Major General John A. Dix, in behalf

of the United States.

By the terms of that Cartel it is stipulated that all prisoners of war hereafter taken shall be discharged on parole till exchanged.

Scarcely had that Cartel been sig when the military authorities of the United States commenced a practice changing the character of the war from such as becomes civilized nations into a campaign of incis-criminate robbery and murder.

The general order issued by the Secretary of War of the United States, in the city of Washington, on the very day that the . Cartel was signed in Virginia, directs the Military Commanders of the United States to take the privates property of our people for the convenience and use of their armies without compensation.

The general order issued by Major General Pope on the 23d of July, the day after the signing of the Cartel, directs the murd of our peaceful inhabitants as spies if found quietly tilling the farms in his rear, eve outside of his lines, and one of his Brigadie Generals, Steinwehr, has seized upon in nocent and peaceful inhabitants to be held as hostages to the end that they may be murdered in could blood if any of his soldiers are killed by some unknown persons whom he designates as "bushwhackers."

Under this states of facts this Government has issued the enclosed general order recognizing General Pope and his commissioned officers to be in the position which they have chosen for themselves. that of robbers and of murderers, and not that of public enemies, entitled, if captured. to be considered as prisoners of war.

We find ourselves driven by our enemies by steady progress towards a practice which we abhor and which we are vainly struggling to avoid. Some of the military authorities of the United States seem to suppose that better success will attend a savage war, in which no quarter is to be given and no age or sex to be spared, than has hitherto been secured by such hostilities as are alone recognized to be lawful by civilized man in modern times.

For the present, we renounce our right of retaliation on the innocent, and shell continue to treat the private enlisted soldiers of General Pope's army as prisoners of war; but if, after notice to the Government at Washington of our confining repressive measures to the punishment only of commissioned officers who are willing participants in these crimes, these savage practices are continued, we shall reluctantly be forced to the last resort of accepting the war on the terms chosen by our foes, until the ontraged voice of a common humanity forces a respect for the recognized rules of war.

While these facts would justify our refusal to execute the generous Cartel by which we have consented to liberate an excess of thousands of prisoners held by us beyond the number held by the enemy. a sacred regard to plighted faith shrinking from the mere semblance of breaking a promise, prevents our resort to this extremity. Nor do we desire to extend to any other forces of the enemy the punishment merited alone by General Pope and such commissioned officers as choose to parti-cipate in the execution of his infamous or-

You are therefore instructed to communicate to the Commander-in-Chief of the armies of the United States the contents of this letter and a copy of the enclosed general order, to the end that he may be notified of our intention not to consider any officers hereafter captured from General Pope's army as prisoners of war.

Very respectfully, yours, etc., JEFFERSON DAVIS. Gen. R. E. LEE, Commanding, etc.

ADJUTANT AND INSP'R GEN'L OFFICE, Richmond, August 1, 1862. GENERAL ORDERS.

VII. Therefore it is ordered, that Major General Pope, Brigadier General Steinwehr, and all commissioned officers serving under their respective commands, be, and they are hereby expressly and specially declard to be, not entitled to be considered. ered as soldiers, and therefore not entitled to the benefit of the Cartel for the parole of future prisoners of war.

Ordered further, that, in the event of the capture of Major General Pope, or Brigadier General Steinwehr, or of any commissioned officer serving under them, the captive so taken shall be held in close confinement, so long as the orders aforesaid.

There was a little pause, and then the reply: "How in the world did you know me? However, I've been here four days. shall continue in force and unrepealed by the competent military authorities of the United States; and that in the event of the murder of any unarmed citizen or inhabi tant of this Confederacy, by virtue or un-der pretext of any of the orders hereinbe-fore recited, whether with or without trial. -whether under pretence of such citizen being a apy or hostage, or, any other preing General of the forces of the Confederacy, to cause immediately to be hung, out
